

Bachelor of Science in Nutrition
Option I: Dietetics
Didactic Program in Dietetics or Coordinated Program in Dietetics
2014-16 Catalog (Expires August 2022)

Didactic Program in Dietetics or Coordinated Program in Dietetics
Didactic Program in Dietetics (DPD): Students who complete the DPD with at least 4 upper-division NTR courses completed in residence will receive a verification statement that qualifies them to apply for an accredited dietetic internship. DPD graduates who complete a dietetic internship may become active members of the American Dietetic Association and are eligible to write the examination to become a registered dietitian
Coordinated Program in Dietetics (CPD): Students interested in the CPD must apply for admission after completing 60 hours of prerequisite coursework. Upon completing the CPD, which includes approximately 1200 hours of supervised practice, graduates immediately qualify for active membership in the American Dietetic Association and to write the examination to become a registered dietitian. Students admitted to the CPD should consult the adviser each semester regarding order and choice of work. NTR 245C, 372C, 372F, 373S, 374C, and 374P are offered only once a year (fall, spring, or summer). A student who does not take them at the indicated time may be unable to complete the program.

University Core Curriculum	Lacking
First-Year Signature Course: UGS 302 or 303 ____	
English: RHE 306 ____
